@Ovadyah @RealJStreets @FleurHassanN @DanielSeidemann It's not the holy place. It's the parking lot for the holy place. Where transportation vehicles are normally found.

10/03/2022 22:40:09

@sapienist @FleurHassanN @DanielSeidemann It is in Jerusalem. The questioner is a Jerusalemite. It is hardly unreasonable for her to suspect that he is referring to her and everyone like her.

10/03/2022 11:02:44

@jimgeraghty Russian propaganda is always terrible, because nobody is willing to tell their boss that the suggested talking point sounds really stupid Their limited success is solely due to producing enormous amounts of propaganda, a small fraction of which catches on with bored contrarians

09/03/2022 20:10:47

@BeoBorf @elderofziyon No, he is not. This looks seriously weird to Jews (even if it is perfectly understandable), and saying so doesn't imply any hidden agenda.

<https://twitter.com/EichlerMaor/status/1501621536356278276>

09/03/2022 20:03:39

@elderofziyon Khmelnytsky apparently killed about half of all Jews in the area. A protracted civil war then followed in which about a third of all Ukrainians died. We Jews are just less forgiving because it wasn't other Jews killing us. And we have more of a tendency to write everything down.

@JewishWonk That said, the 1914 borders seem to be conventional for defining what kind of Jew you are

<https://twitter.com/EichlerMaor/status/1501598476970430468>

09/03/2022 13:08:27

@ChrisGoodall12 @academic_la @madzeezs Who is "they"? A lot of people on this site say Herzl was racist, Tel Aviv is an occupied Palestinian city, the Bund was cool because it opposed Zionism, or use "Zio" as an epithet. Seems pretty anti-Zionist. I haven't encountered many people complaining about bulldozers.

09/03/2022 08:27:57

@ChrisGoodall12 @academic_la @madzeezs When we say "anti-Israel" instead of "anti-Zionist", people make the exact same disingenuous arguments

@PeterBeinart So I can't say that Hamas sounds genocidal when it says in its charter that the day will come when the Muslims will kill all the Jews with the help of talking trees, because then I sound like Putin. If Putin likes chocolate, I'm really screwed.

<https://twitter.com/EichlerMaor/status/1501433480449822722>

09/03/2022 07:28:22

@ChrisGoodall12 @academic_la @madzees When someone asks whether anti-Zionism is antisemitism, it's disingenuous to suggest that maybe they're referring to those very strict Jews who object that Israel isn't Jewish enough. Context matters.

<https://twitter.com/EichlerMaor/status/1501165434703339526>

08/03/2022 13:45:36

@ChrisGoodall12 @academic_la @madzees The ultra-orthodox overwhelmingly support right wing Israeli policies, so they are not anti-Zionist in any conventional sense. Also, the IDF doesn't "patrol" their neighborhoods. The protests are against being drafted, which hardly counts as being against the country.

<https://twitter.com/EichlerMaor/status/1501162212819443717>

08/03/2022 13:37:01

09/07/2021 13:29:00

@Zohar_shining @toteskosh You could say that people can reclaim property from the government, but not from individuals. Which is what happened. Besides, if they didn't owe rent to Jewish owners, they would owe rent to the Israeli government. Because they don't own the house. Would that make you happier?

<https://twitter.com/EichlerMaor/status/1413445074352889861>

09/07/2021 13:23:02

@Scaramucci854 @Zohar_shining @toteskosh Yes, let's not enforce any laws until everybody agrees the laws are fair. That's not how civilization works.

09/07/2021 13:19:34

@Scaramucci854 @Pball01 @toteskosh Most owners don't even have to wait until someone dies. And yes, paying the rent only gives you a temporary right to live there. That's how rent works.

09/07/2021 11:36:42

@Pball01 @toteskosh Lots of people move from one home they don't own to another. And they don't consider it any of their business who moves in after them. The trick is to accept that if you never bought the house and you didn't build it, maybe you don't own it. It's really not hard.

09/07/2021 11:28:16

הסיבה שאלומיניום קצר מתחאים למבחן היא שהיצור שלו (ללא מחזור) דוחש כמות ענקית של חשמל. זה לא הגיוני שלמען הסביבה נשתמש בהמוני חשמל בשביל לייצר יותר אלומיניום, רק בשビル לחסוך בחשמל חלק מהזמן על ידי מחזור

@j_temain @gobsmacked Another problem which was never solved is that the principle that the ethnic majority rules (coupled with the older principle that borders of countries, once formed, are inviolable) creates a strong incentive for ethnic cleansing which never existed before.

27/04/2021 09:42:20

@Mottel When I see the term "sect" used for Hasidim, it's usually for describing a particular group (Vizhnitz, Lubavitch, Satmar, etc.), rather than all Hasidim. This seems logical, because there is no obvious English translation for "Hasidut".

@justice_jew So according to your theory, the term "Palestinian" should be older than "Israeli-Arab". And the people in question should be offended by the term "Israeli-Arab".

<https://twitter.com/EichlerMaor/status/1368967795938099201>

08/03/2021 18:43:39

@justice_jew @Amani90__ My guess is it matters whether a term is old and conventional or is new and promoted by people with questionable political intentions. If there are people somewhere in the world who have been referred to as Arab Jews for decades, they indeed shouldn't be offended all of a sudden.

<https://twitter.com/EichlerMaor/status/1368965647712059396>

08/03/2021 18:13:34

08/03/2021 18:05:44

@EVKontorovich The vaccination should not be noticeably affecting total number of cases, because even 20% immunity isn't much. It should affect deaths, because these are overwhelmingly among ages 70+, but it takes time, and many of the deaths now are in people who were infected a while ago.

@tarek74 @Thani75 I am not dogmatically opposed to that idea - merely convinced it is hopeless. The Palestinians can't even get Fatah and Hamas to work together in a

@tarek74 @Thani75 Why not? The Arab populations in Israel, the West Bank and Gaza are increasing, and the Jewish populations in Israel and the West Bank are increasing. More to the point, politicians working in the interest of their voters is the basis of democracy, not an exclusionary ideology.

@greenrya004 @asymmetricinfo @mattyglesias @DeanBaker13 The patent system also has a requirement to reveal secrets. But it doesn't really work because the inventors don't want to, it's hard to define what needs to be revealed, and it's hard to discover failures to comply. A contract system doesn't change that.

<https://twitter.com/EichlerMaor/status/1336352909500575745>

08/12/2020 17:48:13

@greenrya004 @asymmetricinfo @mattyglesias @DeanBaker13 It's incomparably easier to get academics to publish data of unclear economic value than force manufacturers to reveal the little details that don't even get into patents.

<https://twitter.com/EichlerMaor/status/1336336789586382851>

@asymmetricinfo @mattyglesias Has that ever been legally mandated? The problems with that go way beyond IP.

08/12/2020 17:12:14

@asymmetricinfo @mattyglesias The op-ed also notes that Moderna isn't enforcing its patent, but that this isn't enough because of trade secrets. How they think that supports their claim is beyond me. Do they want to ban trade secrets?

<https://twitter.com/EichlerMaor/status/1336327736609017861>

08/12/2020 16:52:46

@asymmetricinfo If patents were the problem, Pfizer and Moderna could license the patent to other manufacturers and collect royalties. But that's not the problem.

@SethAMandel It’s interesting that a number of critical states have less than a 1% differential. For one thing, it means we’ll get a repeat of all the whining perfected by Hillary supporters. But it’s not close enough to overturn. Just ask Al Gore.

@Best_Betz @songsofyoni @sharagrif @skjask If an Israeli wishes to say (in Hebrew) that George Floyd was black, who is the “person being labeled”? Floyd (who is dead)? American blacks (who don’t know Hebrew)? Israeli blacks (who don’t have much in common with Floyd or with each other)? What if two blacks disagree on this?

@LahavHarkov @MichaelSmithLL But he isn't actually an official candidate for PM until the elected MKs recommend him to the president, is he? If the Likud wants to run on making him PM and switch him with someone else after the election (not that they will), the court shouldn't be able to prevent that.

@EVKontorovich @ymedad @dahliasc @LaraFriedmanDC A simple list of annexed regions is not very useful because there's obviously a dependence on size/population and whether a whole country is annexed versus a border dispute.

11/12/2019 19:37:09

@biannagolodryga So when the US identifies people as being of the "Hispanic" or "Pacific Islander" race, that's just in preparation for massive discrimination?

<https://twitter.com/EichlerMaor/status/1204817410412425216>

11/12/2019 19:33:07

@Dan_March_ @Dawnsfire @SethAMandel 1. So it's not just white nationalists who think American Jews can have another nationality. It's also US law. 2. The dictionary says shared religion can be an ethnic group 3. I'd like to see your evidence

<https://twitter.com/EichlerMaor/status/1204816393708945408>

11/12/2019 19:12:24

@borkthegee @l0stndamned @Dawnsfire @SethAMandel Fun fact - dictionaries often have more than one definition for a word

<https://twitter.com/EichlerMaor/status/1204811180080029702>

11/12/2019 19:09:49

@Dan_March_ @Dawnsfire @SethAMandel 1. This is inconsistent with dual citizenship being perfectly legal 2. "American national" is a legal term which does not contradict the fact that Americans are of various ethnicities. 3. Who is the Civil Rights Act protecting by barring discrimination by nationality? Foreigners?

<https://twitter.com/EichlerMaor/status/1204810532689195009>

11/12/2019 18:43:48

@Dan_March_ @Dawnsfire @SethAMandel Yes I am, because that makes just as much sense as the idea that moving from one country to another and assimilating changes your ethnicity ("a social group that shares a common and distinctive culture, religion, language, or the like")

<https://twitter.com/EichlerMaor/status/1204803983979757568>

11/12/2019 18:20:00

28/07/2019 23:51:39

@shmeze Simple: it is considered axiomatic that the Arab state will be a bleak, horrid place unsuitable for anyone but Arabs, and that any Jews present will be mistreated to the point that Israel will be tempted to reinvoke in order to protect them.

@EconTalker @JonahNRO No it's not. Few Modern Orthodox know its contents, and Modern Orthodoxy doesn't predate the 19th century. Maimonides' sole value to Jewish rationalism is to support arguments on the lines of "if he could bend tradition due to Aristotle, I can bend tradition due to modern views".

@DonQuixoteOylam @LahavHarkov Term limits are a big factor, but also the nature of positions available to those who aren't #1. There are 100 US Senators who are respected and subordinate to no one, whereas an Israeli MK is subordinate to a party leader, or leader of a party which may dwindle out of existence

@TeachESL @elderofziyon Usually in Jerusalem the Arabs arrived well after someone else chased the Jews out. This why "Silwan" ends with an 'n' and lacks an 'sh', as opposed to "Shiloah". Arabs replaced Greek-speakers, who said "Siloam" instead of "Shiloah".

@EvanCull @Imamofpeace @tedcruz I don't understand. You want the PA to abandon its laws, let its armed forces merge with Israeli armed forces, and have its officials lose their prestige and start one or more parties to run for the Knesset? Sinn Fein only accepted this because they didn't have much else.

<https://twitter.com/EichlerMaor/status/1139497027241463809>

14/06/2019 14:25:25

@EvanCull @Imamofpeace @tedcruz The PA is a government with it's own laws, budget, and armed forces - of course it would have to be eliminated. And Israel doesn't have voting districts (seats are based on proportion of votes throughout the whole country) so you can't convert the PA to Knesset voting districts.

<https://twitter.com/EichlerMaor/status/1139494043669409792>

14/06/2019 14:07:58

@EvanCull @Imamofpeace @tedcruz Maybe it's because I don't live there, but that just doesn't sound nearly as significant as eliminating the Palestinian Authority and radically redrawing Israel's borders.

<https://twitter.com/EichlerMaor/status/1139489652396740608>

14/06/2019 13:55:21

@EvanCull @Imamofpeace @tedcruz It's binational only in the way that Israel is already binational, i.e., there's a (voting) minority that gets along with the majority much better than it used to. The state in NI's case (UK) has the same borders and basic government structure as it did before.

<https://twitter.com/EichlerMaor/status/1139486478562746368>

14/06/2019 13:29:33

@EvanCull @Imamofpeace @tedcruz NI's very existence represents a choice of partitioning along ethnic lines over a binational Ireland. The peace process there preserved the status quo by making very minor adjustments.

<https://twitter.com/EichlerMaor/status/1139479984752513024>

14/06/2019 13:11:53

@EvanCull @Imamofpeace @tedcruz A binational state isn't "viable" if it immediately chooses to split in two. I would focus on getting the existing Palestinian government to allow democratic input, but I realize this is not a popular position.

<https://twitter.com/EichlerMaor/status/1139475540207984640>

14/06/2019 12:48:27

@EvanCull @Imamofpeace @tedcruz The vast majority of both Israelis and Palestinians oppose this. Doesn't matter how you choose to establish regions. Why does democracy require ignoring the will of the people?

<https://twitter.com/EichlerMaor/status/1139469641506525185>

14/06/2019 12:38:14

@Yidel5 @Mottel @benshapiro This the administrative regulation part of halacha

<https://twitter.com/EichlerMaor/status/1139467070687580160>

14/06/2019 12:29:56

@EvanCull @Imamofpeace @tedcruz The difference being what? I assume you would insist on the binational state being democratic, meaning the residents get to vote on how the country is run regardless of what you call it. Also, they could (and would) vote to split the state into two states.

<https://twitter.com/EichlerMaor/status/1139464980099665921>

14/06/2019 12:20:56

@EvanCull @Imamofpeace @tedcruz The legal term for that is "annexation", and one of the few things Israelis and Palestinians agree on is that that is a very bad idea. Heck, most of the Palestinians in annexed east Jerusalem refuse to vote in Israeli elections on principle.

<https://twitter.com/EichlerMaor/status/1139462716370935808>

14/06/2019 12:07:56

@EvanCull @Imamofpeace @tedcruz I'd like to see you try to pin the cancellation of Palestinian Authority elections on Israel.

<https://twitter.com/EichlerMaor/status/1139459444281155589>

14/06/2019 12:01:43

@EvanCull @Imamofpeace @tedcruz "Occupied" meaning that the government to which they have no democratic input for reasons having nothing to do with Israel also has minor limitations on its power due to negotiated agreements with Israel, so it's totally normal to object when a stranger calls Israel "democratic".

@ynkutner @ProfDBernstein @elderofziyon @saritm0 @GeraldNGOM @amnesty It is not a joke - it is the normal behavior of ethnic minorities throughout the history of democratic nation states. And not only is it still possible to get citizenship, the Israeli government just announced it will try to shorten the process from 4-6 years to one year.

@ynkutner @ProfDBernstein @elderofziyon @saritm0 @GeraldNGOM @amnesty I was saying they should accept Israeli citizenship (it's not too late!). They could even state they're doing it just to vote, and don't want to remain Israelis. But that would involve admitting democracy is important, and nobody wants that.

@ProfDBernstein @elderofziyon @saritm0 @GeraldNGOM @amnesty Palestinians should vote for the government under which they live. All of them. (Of course, this suggests that current Palestinian leaders are illegitimate and Palestinians in Jerusalem should vote in Israeli elections, which will end life as we know it, but such is democracy)

@varadmehta @barryrushwater I think the process is like this: 1) have principles not shared by others (good, because otherwise we would have few principles) 2) don't expect politicians to share your principles (probably necessary for a tolerant society) 3) elect a scumbag for president (bad)

@JYuter Not sure which country you're talking about, but I suppose it doesn't matter.

30/01/2019 20:23:40

@elderofzion @amnesty Also, the Geneva Convention requires occupying powers to preserve the normal functioning of society as much as possible, which presumably includes tourism at tourism attractions.

30/01/2019 20:20:00

@EVKontorovich @TripAdvisor Considering profits derived from private property to be theft because you oppose the ruling regime always ends well.

<https://twitter.com/EichlerMaor/status/1090676016832544769>

30/01/2019 20:09:42

@elderofziyon @amnesty To be fair, that does technically fit the definition of "promoting an idea"

<https://twitter.com/EichlerMaor/status/1090673421674049539>

30/01/2019 20:03:28

@RaoulWootliff @netanyahu It is well precedented in Israeli politics that one does not incite to something in particular. One just incites.

29/01/2019 22:36:02

27/01/2019 18:31:30

24/01/2019 18:35:48

<https://twitter.com/EichlerMaor/status/1088465966999183360>

24/01/2019 09:50:19

@Partisangirl @cehoskinson @yort3m @IDF Could be that Yemenite Jews are largely descended from converts to Judaism. But Yemen doesn't offer many reasons to stay in Yemen, does it? Israelis defend Israel because it is worth defending.

<https://twitter.com/EichlerMaor/status/1088343224488472576>

24/01/2019 09:45:34

@RealSteveDuke @Partisangirl @cehoskinson @yort3m @IDF To be fair, some of the worst conditions for Arabs are also under Yemenite governments

<https://twitter.com/EichlerMaor/status/1088342028159799299>

24/01/2019 09:43:59

23/01/2019 19:25:43

@elderofziyon @jdforward @YousefMunayyer It's such a pillar of international law, that a lot of effort goes into making even really dumb states (like Iraq, Libya, Afghanistan and Yemen) continue to exist.

22/01/2019 06:59:03

I once had my picture published in a newspaper where it appears obvious that I'm shouting, but actually I'm quietly saying "seventy-four". My theory is that my mouth is briefly more open than usual in the middle of the first vowel. (Naturally, I put this photo on a coffee cup)

<https://twitter.com/EichlerMaor/status/1087244895604092928>

21/01/2019 08:11:40

@JYuter It's not precisely the same, to be sure, but it does capture the utter pointlessness of it all.

<https://twitter.com/EichlerMaor/status/1087231234047176705>

21/01/2019 07:52:37

19/01/2019 22:08:56

@LahavHarkov @IlanShiloah It is, in fact, longstanding policy in Bnei Brak to erase the faces of all women from ads, not just Livni. The literal truth of what sounds like it was meant to be hyperbole is rather disorienting.

<https://twitter.com/EichlerMaor/status/1086717163224817664>

19/01/2019 22:01:22

19/01/2019 21:52:05

@Adderabbi @LahavHarkov @ErelSegal @talschneider @tromaneskul @MattiFriedman Political slogans traditionally fit the formula [name of country] [folksy idiom indicating importance]. There are not that many possibilities, so of course there's going to be the occasional similarity to something fascists used once. The slogans mean nothing.

@mehdirhasan I agree that the concept of a state's right to exist is problematic. But there are these people called "Israelis", and anti-Zionism at best has failed to make clear that it is not calling for the disenfranchisement, deportation and/or death of such people.

31/07/2018 23:19:46

@Jeffrey25096916 @JYuter There may be something to these complaints, but they refer to the period before the law. Why do you think the law would make things worse? It is clearly describing the status quo.

31/07/2018 23:15:30

@LahavHarkov Why does anybody need to read it? If you know about Stalinism, you don't need the straightforward parody of it. (Maybe I'm just bitter because I read it as a kid upon a recommendation by a teacher who failed to note that it's political - dullest talking animal plot ever)

@JGreenbergSez Ironically, hummus in Israel tends to have Arabic brand names

<https://twitter.com/EichlerMaor/status/945887370389409792>

27/12/2017 01:14:05

@FDTProgressive @BretStephensNYT Nobody appropriates Jewish culture? Look up "Christianity"

<https://twitter.com/EichlerMaor/status/945794876020547584>

27/12/2017 01:10:22

@LeeEllenberg @BretStephensNYT Beats most of the other blood feuds I've been in...

<https://twitter.com/EichlerMaor/status/945793943995912192>

27/12/2017 01:05:33

@CygnusA81 @jpodhoretz If you buy both simultaneously, someone is gonna have to invent a term more severe than "genocide"

<https://twitter.com/EichlerMaor/status/945792728847265792>

27/12/2017 01:01:15

@jhw120 @jpodhoretz It's so much more fun when you add a genocide hashtag

<https://twitter.com/EichlerMaor/status/945791646737862656>

27/12/2017 00:58:30

@jjz1600 @jpodhoretz Heck, Israeli corporations give hummus phony-baloney Arabic trademarks because it sells

<https://twitter.com/EichlerMaor/status/945790956057526272>

27/12/2017 00:53:01

@Samueltadros @elderofziyon Quite a bit of commentary about Israel is based on having spent some time in New York

<https://twitter.com/EichlerMaor/status/945789574848147458>

27/12/2017 00:50:37

@jjz1600 @jpodhoretz We don't claim to have invented hummus. We just eat a lot of it. You're saying that white guys enjoying rock music is cultural genocide

<https://twitter.com/EichlerMaor/status/945788972940365825>

27/12/2017 00:42:50

@Philassie @BretStephensNYT Eh, there are also other translations

<https://twitter.com/EichlerMaor/status/945787013562814471>

27/12/2017 00:41:11

@jjz1600 @BretStephensNYT Try to find a single Israeli who wouldn't be willing to call Waze "Lebanese technology" in return for a peace treaty. I dare you

<https://twitter.com/EichlerMaor/status/945786599069175808>

27/12/2017 00:31:22

@jjz1600 @BretStephensNYT You do realize that Israelis don't claim to have invented hummus, so "Israeli food" just means what Israelis eat, right? Context matters

<https://twitter.com/EichlerMaor/status/945784129412616192>

27/12/2017 00:27:46

@OmarBaddar @jpodhoretz We've been condemned so many times by so many countries for so many crazy things it would make your head spin. ICJ and NGOs is nothing.

<https://twitter.com/EichlerMaor/status/945783221228367877>

27/12/2017 00:24:14

@OmarBaddar @jpodhoretz Int. law is so strict when asking if Israel can hold all of Jerusalem, but if one asks who should get the land, everyone gets so pragmatic

<https://twitter.com/EichlerMaor/status/945782332224622593>

27/12/2017 00:14:56

@LahavHarkov Funny how Israel always gets much weaker when you consider its future with the stays quo

<https://twitter.com/EichlerMaor/status/945779990574059520>

26/12/2017 20:42:46

@JonahNRO He can talk the talk, but Golda Meir walked the walk when it came to removing Jews from Wisconsin

<https://twitter.com/EichlerMaor/status/945726598145331222>

26/12/2017 20:38:30

@JonahNRO This would be an appropriate place to use that "well that escalated quickly" meme

<https://twitter.com/EichlerMaor/status/945725524147687425>

26/12/2017 20:36:11

@jjz1600 @JonahNRO By the way, which of the identified foods is Palestinian (as opposed to Lebanese, Syrian, Jordanian, etc.)?

<https://twitter.com/EichlerMaor/status/945724942447972352>

26/12/2017 20:32:01

@jjz1600 @JonahNRO Can you at least admit that someone referring to Lebanese food as Israeli food is not salt in the wounds of Palestinians?

<https://twitter.com/EichlerMaor/status/945723895109341190>

26/12/2017 19:59:36

@madeoverheaven Cheapness seems to be the rationale for the "alternative" cheese brine and pickle juice, and the reason for beet juice instead of pure sugar

<https://twitter.com/EichlerMaor/status/945715736177201152>

26/12/2017 19:54:23

@madeoverheaven You ask "why", you should answer. Also, the article admits that the alternative (sugar) also causes harm and FAILS TO SAY WHY SALT IS WORSE

<https://twitter.com/EichlerMaor/status/945714423712436226>

26/12/2017 19:46:31

@LahavHarkov @JYuter Often I suspect we deserve it

26/12/2017 19:40:31

@bethanyshondark I've heard psych professors all have serious issues. My nutrition professor went on a carrot juice diet.

<https://twitter.com/EichlerMaor/status/945710933116035073>

26/12/2017 19:37:06

@BDKrueger @madeoverheaven @Bmac0507 Also fails to answer the question in the title - salt is efficient because it has a low ionic weight, and it's cheap

<https://twitter.com/EichlerMaor/status/945710074256920576>

26/12/2017 19:34:56

@madeoverheaven @Bmac0507 The article actually mentions pickle juice as an alternative to salt, which is much funnier really

<https://twitter.com/EichlerMaor/status/945709526916960263>

26/12/2017 18:57:36

<https://twitter.com/EichlerMaor/status/945700131424399361>

26/12/2017 18:55:00

<https://twitter.com/EichlerMaor/status/945699478761295872>

26/12/2017 18:52:38

@jmp_nyc @KevinNR I believe Israel got "Jaffa" officially registered as a mark with a broad definition that includes Gaza

<https://twitter.com/EichlerMaor/status/945698881895092224>

26/12/2017 18:40:30

@JonahNRO Totally unoriginal, unfortunately

26/12/2017 18:39:18

26/12/2017 06:50:19

@JYuter To be honest, I haven't seen the actual op-Ed

<https://twitter.com/EichlerMaor/status/912698520032989184>

26/09/2017 17:52:09

@JYuter 3 types say this: A) "I'm hungry" B) "remember the Temple!!!" C) "here's a list of halakhot regarding the prohibition of washing..."

<https://twitter.com/EichlerMaor/status/912691266676301826>

26/09/2017 17:45:12

@JYuter I suppose this is based on a distinction between prayer in general and the formal prayers

<https://twitter.com/EichlerMaor/status/912689519023017984>

26/09/2017 07:50:50

@LahavHarkov "Dream Somewhat Bigger Than They May Have Dreamt Otherwise" didn't fit in the headline

25/09/2017 22:13:33

<https://twitter.com/EichlerMaor/status/912383342577844224>

25/09/2017 20:27:42

20/09/2017 08:22:40

@kampeas @JSchanzer @Allison_Good1 Not sure "impulse to compliment Bibi" is an accurate description of Israel opposition

<https://twitter.com/EichlerMaor/status/910373622992252930>

20/09/2017 08:19:57

<https://twitter.com/EichlerMaor/status/909806362892361730>

18/09/2017 09:41:57

@JYuter @RadioFreeTom I've heard it claimed the students can feel the rabbis are running a business based on them, which severely undermines trust and authority

<https://twitter.com/EichlerMaor/status/909668802484457472>

18/09/2017 08:53:20

17/09/2017 09:07:35

<https://twitter.com/EichlerMaor/status/909297762856062976>

17/09/2017 08:49:33

@LahavHarkov Fair - in my defense, the article confusingly tries to build a positive image, while insisting that her image isn't the basis of her success

<https://twitter.com/EichlerMaor/status/909293224585515009>

17/09/2017 08:35:40

14/09/2017 10:12:41
